

**Camel Vale Motor Club
Peninsula Table Top Rally.**

In order to pass some time in the present 'Lock-Down' situation you may like to have a go at this event. There are no awards, but if you could submit your answers to the questions by email to me at; david.southwell@tiscali.co.uk it would be interesting to see how you got on.

Plot Refs. OS Map 204 for all Time Controls and Black Spots, then decide on the shortest possible route between the TCs (White roads are not used) without entering any of the Black Spots.

Approach Directions are always FROM, and Departure Directions are always TOWARDS the Compass Directions shown.

Very rough estimate of the total distance is around 60 miles.

Question:

What is the '2 digit Spot Height' nearest to each of the TCs in order?

How many times would you pass under Power Lines on the route

How many times would you cross the Fal on the route

How many Gradient Arrows are there on the route

Cryptic Questions:

All answers are on the Map fairly close or very close to the correct route.

Unbalanced Agent? Port Wenn PC? Inexpensive drink? Anti Aircraft Crew?

Tristan's new venture? French Station? Upset Light source?

Climbing Carnivore? Investigate we?

This is intended as just a bit of fun, which will pass some time and keep you in touch with the Navigational side of Motorsport.
